

# **ADVANCED WATER & WASTEWATER TREATMENT SOLUTIONS**

**SMART TREATMENT. SUSTAINABLE FUTURE**

## About Us

Envocare Projects & Services specializes in designing, supplying, installation and maintenance of advanced Water and Wastewater Treatment Plants including STP, ETP, WTP, RO, ZLD and Industrial Treatment Systems. We provide reliable, sustainable and pollution-control compliant solutions for industries, municipalities and infrastructure projects.

With a strong focus on innovation and operational efficiency, we offer complete EPC and O&M services ensuring optimal plant performance, regulatory compliance and long-term cost savings for our clients.

## Services

- Design, Supply, Erection & Commissioning
  - Water Treatment Plant
  - Package Water Treatment Plant
  - Revamping of ETP, STP, WTP, RO, DM, MB
  - Performance Efficiency Audit
  - Provide Qualified & Experienced Manpower
- Operate Treatment Plants
  - Maintain Treated Water Parameters
  - Preventive Maintenance & Troubleshooting
  - Chemical Preparation & Dosing
  - Provide Qualified & Experienced Manpower
  - Daily Plant Record Maintenance

## Product

### Sewage Treatment Plant (STP)

Envocare Projects & Services offers Sewage Treatment Plants (STP) using MBBR, SBR, and ASP technologies for efficient domestic wastewater treatment meeting environmental standards.

### Effluent Treatment Plants (ETP)

Envocare Projects & Services offers Effluent Treatment Plants (ETP) that remove solids, oils, chemicals, and heavy metals from industrial wastewater, ensuring regulatory compliance.

### Package Water Treatment Plants

Envocare provides compact water treatment plants for safe drinking and industrial water by removing turbidity, iron, and hardness.

## Zero Liquid Discharge Plant (ZLD)

Envocare Projects & Services offers advanced Zero Liquid Discharge (ZLD) systems that recover water and convert waste into dry solids using RO, MEE, and ATFD technologies.

## Water Treatment Plant (RO, Softener, DM, MB)

Envocare Projects & Services offers complete water treatment solutions—RO, DM, softeners, and mixed bed systems—to remove salts, hardness, and impurities for industrial and drinking water use.

## Wastewater Evaporators

Envocare Projects & Services offers high-efficiency wastewater evaporators that recover reusable water and concentrate solids from industrial effluents.

## Industrial Water Treatment Plant

Envocare Projects & Services offers Industrial Water Treatment Plants that remove turbidity, hardness, salts, and impurities for boilers, cooling towers, and process water using RO, DM, and filtration.

## Wastewater Treatment Plant

Envocare Projects & Services offers Wastewater Treatment Plants that remove solids, organics, oils, and contaminants for safe discharge or reuse.
